March 17, 2009

Jim,

I wanted to take a moment to compliment two of BE-CI's engineers on the recently completed project at the Inn at Blue Mountain. Throughout this project I found both Robert Hinojosa and Drew Prochaska to be very responsive and very knowledgeable. I appreciate their work as project managers immensely and in the fact that they always strived to keep me updated throughout the entire project. I look forward to working with them on any future projects that the building's owners may decide to undertake and ask me to oversee.
