Dear Michael,

On behalf of Shoreline Towers Board of Directors and the Building Committee, I wish to express how fortunate we are to have engaged your services for our recent project.

We know, the project, which included extensive concrete restoration, replacement of windows, sliding doors and railing replacement, was a major undertaking for any company; but you and yours proved to be the best for the job. We are more than satisfied with the level of your service and know the success of the project is due to your talent and experience. We could not be more pleased with the results.

I would not hesitate in recommending BE-CI to any of my colleagues.

It was a pleasure working with you. Thank you for a job well done.

Sincerely yours,

Mary Wilkinson  
General Manager
