January 21, 2007

James. E. Fell, C.C. I.
Building Engineering Consultants, Inc.
Post Office Box 5799
Destin, Florida 32540

Dear Mr. Fell:

On behalf of the vestry and parishioners we wish to express our sincere thanks for your generous donation of engineering plans, engineering consultation, photographs and laboratory work for our recent building mold problem. The response to our query was rapid; your representatives were knowledgeable, helpful and very courteous. We realize that this effort required many hours of your valuable time and that your company absorbed many costs.

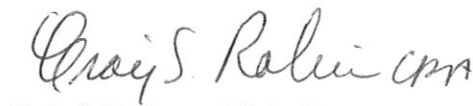

We are in receipt of your invoice for pro bono services in the amount of \$3,100 that you have marked "PAID." We hereby acknowledge that you received no goods or services in consideration for your gift. We are a 501c3 organization. Valuation and tax-deductible determination of non-cash donations are the responsibility of the donor. For your convenience, we refer you to IRS Publication 526 for this purpose.

Your donation is above and beyond specifications by our Architect and our own expectations. This gift will allow us to apply the invoice amount to the Church's contribution or matching portion of the grant thus decreasing the amount of cash or in-kind service for which we are responsible. It is greatly appreciated!

Again, thank you so much and may God bless you!

Sincerely,

Ashmun N. Brown, D. Min., Vicar

Craig S. Robinson, C.P.A., Treasurer

Angel Robinson, Senior Warden

Melinda C. Henderson, Ph.D., Grant Administrator
