Michael Fell
BE-CI
P. O. Box 5799
Destin, FL 32541

Dear Michael,

The Board and I would like to express our happiness with your firm. During the duration of our painting and restoration project we always felt that we were well taken care by BE-CI. BE-CI was very competent in all areas of our project. Your firm also realizes the difficulty of working in the condominium environment, with regards to the Board and the residence concerns. It was reassuring to know that your firm was able be flexible and communicate with both at the contractor and the association and still get the job done. This is a true asset in the nature of condominiums.

It was a pleasure to work with you and look forward to doing business with BE-CI in the future.

Sincerely,

Lisa Strickland, General Manager
